II. SUMMARY & SCOPE

Campus procedures for implementing the University’s Whistleblower Policy and Whistleblower Protection Policy in compliance with the California Whistleblower Protection Act (Government Code sections 8547-8547.12).

These procedures apply to all University employees, as well as applicants for University employment, students, vendors and contractors.

III. DEFINITIONS

Terms used in this policy are defined in the University of California Whistleblower Policy and Whistleblower Protection Policy.

**Adverse Personnel Action:** A management action that affects the Complainant’s existing terms and conditions of employment in a material and negative way, including, but not limited to, failure to hire, corrective action (including written warning, corrective salary decrease, demotion, suspension), and termination.

**Clear and Convincing Evidence:** An evidentiary standard that is higher than the Preponderance of the Evidence standard. It is satisfied when the evidence demonstrates that it is highly probable that the allegations in question are true.

**Complainant:** An employee or applicant for employment who submits a complaint under this policy. For purposes of this policy, “employee” includes a current University employee or a former University employee who was employed at the time the relevant events occurred and includes academic appointees.

**Illegal Order:** A directive to violate or assist in violating a federal, state, or local law, rule, or regulation or an order to work or cause others to work in conditions outside of their line of duty that would unreasonably threaten the health or safety of employees or the public.

**Improper Governmental Activity:** Any activity undertaken by the University or by a University employee that is undertaken in the performance of the employee’s duties, whether or not that activity is within the scope of his or her employment, and that (1) is in violation of any state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property (including University property), fraudulent claims, fraud, coercion, conversion, malicious prosecution, misuse of government property (including University property and facilities), or willful omission to perform duty, or (2) is economically wasteful or involves gross misconduct, gross incompetence, or gross inefficiency.
**Interference:** Direct or indirect use or attempted Use of Official Authority or influence for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command an individual for the purpose of obstructing an individual’s right to make a Protected Disclosure.

Preponderance of the Evidence: An evidentiary standard that is satisfied when the evidence demonstrates that the allegations in question are more likely true than not true.

**Protected Disclosure:** A good faith communication, including a communication based on, or when carrying out, job duties, that discloses or demonstrates an intention to disclose information that may evidence either (1) an Improper Governmental Activity or (2) a condition that may significantly threaten the health or safety of employees or the public if the disclosure or intention to disclose was made for the purpose of remedying that condition. A Protected Disclosure may be made internally to the Complainant’s supervisor, to the LDO, or to any University official identified in the University’s Whistleblower Policy for that purpose. A Protected Disclosure also includes a good faith communication to the California State Auditor’s Office or the Office of the Attorney General alleging an Improper Governmental Activity and any evidence delivered to the either of those offices in support of such allegation.

**Retaliation Complaint:** A written complaint filed under this policy that includes a Sworn Statement and alleges that a University employee retaliated by taking an Adverse Personnel Action against the Complainant because the Complainant (1) made a Protected Disclosure or (2) refused to obey an Illegal Order.

**Sworn Statement:** A statement signed by the Complainant and made under penalty of perjury that states that the contents of the complaint are true or are believed by the Complainant to be true. A complaint submitted without a Sworn Statement will not be processed under this policy.

**Use of Official Authority or Influence:** Promising to confer, or conferring, any benefit; effecting, or threatening to effect, any reprisal; taking, or directing others to take, or recommending, processing, or approving, any personnel action, including, but not limited to, appointment, promotion, transfer, assignment, performance evaluation, termination, suspension, or other disciplinary action.
IV. SUMMARY OF POLICIES

A. Employees and other persons are encouraged to disclose improper governmental activities. An improper governmental activity is any activity undertaken by the University or by a University employee that is undertaken in the performance of the employee’s duties, whether or not that activity is within the scope of his or her employment, and that (1) is in violation of any state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property (including University property), fraudulent claims, fraud, coercion, conversion, malicious prosecution, misuse of government property (including University property and facilities), or willful omission to perform duty, or (2) is economically wasteful or involves gross misconduct, gross incompetence, or gross inefficiency.

B. University employee may not use his or her authority to interfere with the right of an employee or applicant for employment to make a protected disclosure of improper governmental activity under the University’s Whistleblower Policy.

C. The University will investigate alleged improper governmental activities under the UC Whistleblower Policy (Policy on Reporting and Investigating Allegations of Suspected Improper Governmental Activities) and will investigate retaliation under the UC Whistleblower Protection Policy.

D. The Whistleblower Protection Policy protects employees or applicants for employment who report or attempt to report improper governmental activities or who refuse to obey an illegal order from retaliation for doing so. If the reported conduct would, if substantiated, constitute an improper governmental activity, the employee or applicant is protected by the Whistleblower Protection Policy, even if the report is ultimately not substantiated.

E. Nothing contained in these local implementing procedures should be read or interpreted to contradict the underlying University of California Whistleblower Protection Policy.
